

CONTACT YOUR KNOX COUNTY COMMISSIONER.

Knox County commissioners have finalized this year's resurfacing [budget](#) and the **Gulf Park Subdivision** roads are in the top 25% being consider for resurfacing. However, although budgeting plays a big part in which road projects are scheduled and in what order, it also helps for residents to contact their county commissioner directly to voice their needs and concerns for Gulf Park subdivision as a priority. Keep in mind that the subdivision was last paved pre-1992.

Responding to the needs of Knox Countians is a priority for Commissioners, whether it is facilitating communication with any County, City of Knoxville, State, or Federal agency to resolve problems. Please feel free to contact your Commissioner for assistance.

If you have a road problem, including drainage or flooding, please feel free to contact your Commissioner. Commissioners are always happy to contact the Knox County Department of Engineering and Public Works on behalf of constituents. Keep in mind that all roads outside the corporate limits are maintained by the State of Tennessee Department of Transportation. Commissioners do frequently contact City of Knoxville and State officials on behalf of constituents.

Please contact our [Knox County District 3](#) commissioner, Randy Smith, 3304 McKamey Road, Knoxville, TN 37921 Office: 865-251-2534 Cell: 865-705-3649 Email:

randy.smith@knoxcounty.org and let him know your opinion on the importance of resurfacing the Gulf Park Subdivision roads this year. **Remember, the squeaky wheel gets the grease!**
